

## **Eldest Grange Member Recognition**

I see where we have the Boston Post Cane for the town's oldest citizen. Then another community gives a decorated broom to the oldest resident in their village.

I am looking for Granges to send the names of their eldest members, one male and one female in terms of their age to me by June 30. I would like to present a gavel to the eldest male and female in our Grange.

I will be sending a form to all Granges for you to complete.

I will be honoring them at the State Historian Luncheon at the state Session in October. I really hope each Grange will suggest someone.

Please send to:

Dick Patten, NHSG Historian
