

National Grange

of the Order of Patrons of Husbandry

Dear National Grange Member,

Want to save on prescription drugs and hearing aids? Use these new benefits exclusive to National Grange members!

National Grange, in conjunction with CVS Caremark and TruHearing, is pleased to announce a new member benefit for savings on prescription drugs and hearing aids. Simply click on the links below to access exclusive pricing only for National Grange members and their families. Use one card for the entire household--even pets! Look up drug pricing and print additional cards online at the link below. Save an average of 22% on over 99% of all prescriptions, and up to 50% on mail order. Nine out of ten pharmacies are participating, such as CVS, Target, Rite Aid and hundreds more. If you are uninsured, you can save up to 10% at MinuteClinic for health services, screenings and vaccinations. If you would like a brochure please contact, Samantha Johnson at sjohnson@nationalgrange.org or 888-4GRANGE ext. 109.

Even if you have insurance, you may still use the card. Simply present the card to the pharmacist and they will call it in like any other insurance card (this is a discount card--not insurance). Compare and get the lowest price, guaranteed. Ideal uses for the RxSavings card are for prescription medications not traditionally covered by insurance, such as Lipitor, Viagra, Plavix, cholesterol and high blood pressure medications, those prescribed by dermatologists and even pet medications! If you have a high deductible, this is the perfect way to reduce the high cost of your prescriptions.

We are especially excited to offer the latest in digital technology for hearing aids from the three largest manufacturers. Currently 12% of the population has a hearing loss and 80% of those cannot afford the \$5000 dollar average cost of a pair of hearing aids. TruHearing MEMBER *plus* has arranged for National Grange members to access the lowest pricing on a wide selection of hearing aids. Even if you don't have a hearing loss, maybe a grandfather, mother-in-law, brother or aunt does and they can't afford the high cost of hearing aids. Simply click on the TruHearing link and enter the member number if you wish to participate in the program. Save thousands! The program is easy--opt in or opt out according to your hearing aid needs. Forty free battery cells are provided each year, get three free adjustments and save on exams. A unique and much-appreciated benefit from TruHearing for National Grange members is a one-time repair or loss replacement, and there is a 45-day money back guarantee.

Click on the links and enjoy savings exclusive to National Grange members!
