

# WORLD WAR II *Patriot's Program*

The National Grange program's department is very excited to bring you the newest and last edition to this year's program on World War II. This CD includes one PowerPoint, notes on Granges, and a short video.

The PowerPoint deals with legislative issues the Grange dealt with during WWII particularly agricultural issues. You will also find a word document which includes information on various Granges and what events, projects, and members did during WWII. You will also find a short video to watch on the World War II Memorial. The video is about 5 minutes long and also includes a word document with more information on the memorial.

These Cd's are available for **FREE** at the National Grange, due to the sponsorship of Potomac Grange #1. This will be the last disc in this collection. In 2014, we will focus on the Korean War and its veterans. If you, or your members, have any questions, please do not hesitate to contact Samantha Johnson via email at [sjohnson@nationalgrange.org](mailto:sjohnson@nationalgrange.org) or call 1-888-447-2643 ext. 109.

Request for CD's will be processed beginning January 2, 2014.
