

Greetings Grangers!

I know that all of us are tired of forwards and chain emails, but I promise this one is important and will take less than 5 minutes of your time. The National Grange has recently joined forces with other ag groups around the country in a coalition effort called "10,000 Friends of Rural America." It's pretty simple. We're just trying to get a minimum of 10,000 people to sign the petition as a way of showing legislators, businesses, etc. that Rural America does matter and that they need to invest some time and money in Rural America's future.

All you need to do is go

to http://10000friends.ruralamerica.org/national_grange/, fill out the form and click "Submit." Like I said, it shouldn't take more than 5 minutes. Please take the time to do this and encourage your friends and family to do the same.

Together, we're going to highlight Rural America and the incredible contributions they make to our great nation. Thanks Grangers!!

-Grace Boatright

National Grange Legislative Director
